

The Director of Central Intelligence

Washington, D.C. 20505

12 September 1986

Peggy,

I would like to know about drug testing in CIA. There will be an Executive Order calling for each Agency to test its employees on drugs as appropriate to that Agency.

I would like to have Bill Donnelly give me his thoughts on what we should do here, how polygraphing affects our need to do that, the pace at which it might be done, etc. I don't want a detailed study at this point. I would just like the current ideas from Medical Services and Security and any others that may be consulted. I would like to know what a drug test costs the organization that gives it.

William J. Casey
